Just want to clarify before making the switch again. You would like to revert back to the **Ex. 7(e)** Also, utilizing the other vehicles in order to do so? If so, please see the layout below and confirm. Again, please ignore the names as they are there to only give an image of how it will look.

### Vehicle Layout:

**Ex. 7(e)**

**Ex. 7(e)**

With the layout above we are tight, but doable. Please confirm if this is the way you would like to go or maybe add a third sedan! Need to finalize soon.

\*Note: This really depends on the Administrator, but he is able to pull a staff member in the vehicle with him. Of course, the above scenario does not reflect this. Just wanted to bring to your attention.

Anna – Had one update to the budget. Once the vehicles are confirmed I will send the updated budget.

I like to keep this small and to be honest some of Jose other vehicles in the motorcade have room....

I prefer to minimize **Ex. 7(e)** so let me just say if we have room in those other vehicles **Ex. 7(e)**

Our thought was that security would divide among the secure vehicle package. With that being said, the original suggestion from [Ex. 7(c)] could still work, but a little tight. Also added a second option [Ex. 7(e)] Please let us know which way you would like to go. Names can be moved around, but to show an example please see below:
